

Where in the world?

After our successful *Where's Wally* week exploring the world, I would like you to do a little exploring too!

Carry out some research on a country of your choice. Find and present information showing one or more from the following options:

- Where it is, where it's near, capital cities, flag etc.
- A day in the life of someone who lives there.
- Describe the weather and habitats you would find there.
- Describe the people, clothing, food, traditions.
- What is different/similar to our country?
- Any problems with the environment? What could we do to help?

You can present your work in different ways:

- ❖ A poster trying to encourage people to visit there.
- ❖ An information booklet.
- ❖ A model of something famous found in that country.
- ❖ A diary of an animal or someone living in that country.
- ❖ A labelled map of the country showing which countries are its neighbours.
- ❖ Or use your fabulous imagination!
